On 3 December 2019, we published our draft decision for the Minimum feed-in tariff review 2020-21. This draft decision paper asks stakeholders for their views on our proposed minimum feed-in tariff for 2020-21.

1. What do you think of the proposed minimum feed-in tariff for 2020-21?

Given retailers have increased prices and their revenue in 2020, it makes no sense to reduce the feed-in tariffs.

The tariffs should at minimum remain the same or increase by an amount proportional to each retailers hikes.
