Dear Sir / Madam

We confirm Iberdrola Australia Holdings Pty Limited's (**IAH**) consent to the variations as proposed by the ESC in its letter dated 27 April 2022 with one amendment as listed in section 1 below.

1. Requested amendment

Template clause 3.1(ii) in the Standard Electricity Licence Conditions for Electricity Retail has not been amended as intended by the ESC. According to the ESC's Response to Feedback, the ESC's intention was to delete the sentence highlighted in yellow below. However, this specific deletion seems to have been inadvertently missed during the editing process. IAH consents to the proposed variations conditional on the yellow highlighted sentence being deleted as per the ESC's intent.

3 Ongoing technical capacity

3.1 The Licensee must at all times maintain such technical capacity as is:

- i. required to meet its obligations under its Licence, a Code of Practice and the Act; and
- ii. reasonably required to undertake the activities authorised by this Licence.

such additional technical capacity as is reasonably required to enable it to meet and utilise technological advances in the electricity industry.

2. Email address for service

We request that the following two email addresses are listed in clause 2.1(ii) of our varied licence:

- a. [REDACTED]@iberdrola.com.au
- b. _ld_au_cisales@iberdrola.com.au

Please let me know if you have any questions or require anything further.

Yours sincerely

Executive General Manager, Energy Markets
