 - (b) the *customer* gives the consent to the transaction in accordance with subclause (2); and
 - (c) the *customer* is competent to do so; and
 - (d) any requirements prescribed by this Code for the purposes of this subclause have been complied with.
- (2) *Explicit informed consent* requires the consent to be given by the *small customer*:
- (a) in writing signed by the *customer*; or
 - (b) verbally, so long as the verbal consent is evidenced in such a way that it can be verified and made the subject of a record under clause 3D; or
 - (c) by electronic communication generated by the *customer*.
- (3) This clause applies to *exempt persons* in the following *categories*:
VD1, VD2, VD7, VR1, VR2, VR3 and VR4.

- (a) create a record of each *explicit informed consent* required by this Code and provided by a *small customer*; and
 - (b) retain the record for at least 2 years.

- (a) the *Commission* to verify the *retailer's* compliance with the relevant requirements of this Code relating to *explicit informed consent*; and
 - (b) the *retailer* to answer enquiries from a *small customer* relating to the *customer's explicit informed consent*.
- (3) A *retailer* must, on request by a *small customer* and at no charge, provide the *customer* with access to a copy of the record of any *explicit informed consent* given by the *customer* and then retained by the *retailer*.

- (2) It is established that the required *explicit informed consent* was not obtained if:
 - (a) the *customer* raises the issue with the *retailer* either by asserting that the consent was not obtained or by requesting production of a record of the consent; and

- (4) If the void transaction did not involve the transfer of the *customer* to the *retailer* from another *retailer*, the *customer* is only liable to pay the *retailer* any charges that would have been payable for the sale and supply of *energy* if the void transaction had not occurred.
- (5) If the void transaction did involve the transfer of the *customer* to the *retailer* (the new *retailer*) from another *retailer* (the original *retailer*):
 - (a) the *customer* is (subject to paragraph (b)) liable to pay the original *retailer* all charges for the sale and supply of *energy* as if the void transaction had not occurred and the sale and supply had occurred with the original *retailer* being the *customer's retailer*; and
 - (b) to the extent that the *customer* has paid the new *retailer* charges for the sale and supply of *energy* as a consequence of the void transaction:
 - (i) the *customer* is entitled to set off the amount of those payments against any amounts payable under paragraph (a); and
 - (ii) the new *retailer* must pay the set off amounts to the original *retailer*; and
 - (iii) the original *retailer* is entitled to recover those set off amounts from the new *retailer* in a court of competent jurisdiction; and
 - (c) nothing in this section prevents the original *retailer* from proceeding by action for loss or damage suffered because of the void transaction; and

- (d) the *customer* is not liable to the new *retailer* for any loss or damage arising because the transaction is void or arising from payments the new *retailer* has to pay the original *retailer* because the transaction is void.

- (3) Despite subclauses (1) and (2), if there is no *meter* in respect of the *customer's* premises, the *retailer* must base the *customer's* bill on *energy* data that is calculated in accordance with applicable *energy laws*.

- (2) Where a *retailer* charges for *energy* in delivering either *gas bulk hot water* or *electric bulk hot water* to a *relevant customer*, the *retailer* must include at least the following information (as applicable) in the *relevant customer's* bill:
- (a) the relevant *gas bulk hot water rate* applicable to the *relevant customer* in cents per litre;
 - (b) the relevant electricity rate(s) being charged to the *relevant customer* for the electricity consumed in the *electric bulk hot water* unit in cents per kWh;
 - (c) the relevant *electric bulk hot water conversion factor* for *electric bulk hot water* in kWh/kilolitre;
 - (d) the total amount of *gas bulk hot water* or *electric bulk hot water* in kilolitres or litres consumed in each period or class of period in respect of which the relevant *gas bulk hot water rate* or electricity tariffs apply to the *relevant customer* and, if the *customer's meter* measures and records consumption data only on the accumulation basis, the dates and total amounts of the immediately previous and current *meter* readings or estimates;
 - (e) the deemed *energy* used for *electric bulk hot water* (in kWh); and
 - (f) separately identified charges for *gas bulk hot water* or *electric bulk hot water* on the *customer's* bill.

21 Estimation as basis for bills (SRC, MRC and EPA)

- (1) A *retailer* may only base a *small customer's* bill on an estimation of the *customer's* consumption of *energy* where:
- (a) the *customer* gives their *explicit informed consent* to the use of estimation by the *retailer*; or
 - (b) the *retailer* is not able to reasonably or reliably base the bill on an actual *meter* reading; or
 - (c) *metering data* is not provided to the *retailer* by the *responsible person*.
- (2) Where estimations are permitted to be used as the basis for a *small customer's* bill, the estimations must be based on:

-
- (a) the *customer's* reading of the relevant *meter* (which may be a customer read estimate, as defined in subclause (3A)); or
 - (b) historical *metering data* for the *customer* reasonably available to the *retailer*; or
 - (c) the average usage of *energy* by a comparable *customer* over the corresponding period, if there is no historical *metering data* for the *customer*.
- (2A) Despite clauses 20, 21(1), 21(2) and 25(1)(i), in the case of a *smart meter*, if a *retailer* is not able to reasonably or reliably base a bill on actual *metering data* collected from the *customer's smart meter* for each trading interval, the *retailer* may provide the *customer* with a bill that is either:
- (a) prepared using estimated and/or substituted *metering data* in accordance with applicable *energy laws*; or
 - (b) if estimated and/or substituted *metering data* is not available, prepared based on the *customer's* historical billing or *metering data* or, where the *retailer* does not have the *customer's* historical billing or *metering data*, the average usage of *energy* by a comparable *customer* over the corresponding period covered by the estimated bill.
- (3) Subject to clause 25(1)(i), the *retailer* must inform the *small customer*, on the bill, that the bill is based on an estimation, and (if applicable) that the estimation is based on the *customer's* reading of the relevant *meter* under subclause (2)(a).
- (3A) If:
- (a) a *small customer* receives a bill based on an estimate, other than a *customer's* reading of the relevant *meter*; and
 - (b) where the bill under paragraph (a) is for the supply of electricity, the consumption of electricity at the *customer's* premises is not recorded by an interval *meter*, being a *meter* that records consumption derived from interval *metering data*,
- the *small customer* may request an adjusted bill based on the *customer's* reading of the relevant *meter* (a **customer read estimate**) by providing the *retailer* with the customer read estimate before the due date for payment of the bill under paragraph (a).
- (3B) On each occasion when the conditions in subclauses (3A)(a) and, as applicable, (b) are met, the *retailer* must inform the *small customer* in writing:
- (a) that the *customer* may request an adjusted bill in accordance with subclause (3A); and
 - (b) of any changes to the *customer's* payment obligations if the *customer* makes such a request; and
 - (c) how the *customer* can obtain the information under subclause (3C).

- (3C) A *retailer* must make available to *small customers* at no charge and in clear, simple and concise language for the purposes of subclause (3A):
- (a) guidance on how to read the *customer's meter*; and
 - (b) the types of information the *customer* is required to provide when lodging the customer read estimate; and
 - (c) instructions on the methods by which the *customer* can lodge the customer read estimate.

(3D) Where:

- (a) a *small customer* requests an adjustment to a bill based on an estimate in the circumstances set out in subclause (3A) by providing the *retailer* with a customer read estimate; and
- (b) the *retailer* receives the customer read estimate before the due date for payment of the bill; and
- (c) the customer read estimate is provided in accordance with the guidance and requirements provided by the *retailer* under subclause (3C),

the *retailer* must, promptly and at no extra charge, provide the *small customer* with an adjusted bill based on the customer read estimate.

(3E) If:

- (a) the customer read estimate was received on or after the due date for the payment of the bill;
- (b) the customer read estimate is not provided in accordance with the guidance and requirements provided by the *retailer* under subclause (3C),

the *retailer* may reject the customer read estimate and, if it does so, must promptly notify the *small customer* in writing of the specific reasons for its decision.

Note:

For example, specific reasons that a *retailer* might provide for rejecting a customer read estimate for the purposes of subclause (3E)(b) include:

- the number value of the customer read estimate provided for cumulative *energy* consumed is smaller than a previous actual read of the *meter*; or
- where the customer read estimate is provided in the form of a photograph of the *meter*, that the *meter* display is not clearly visible or the photograph does not show the correct *meter* installed at the *small customer's* premises.

(3F) The *retailer* must set out a process under its standard complaints and dispute resolution procedures for a *small customer* to attempt to rectify a customer read estimate that is not accepted under subclause (3E)(b).

(3G) If the *retailer* does not accept the customer read estimate under subclause (3E), the *retailer* must inform the *small customer* in the same notice required to be provided under that subclause, that the *customer* may:

- (a) lodge a dispute with the *energy ombudsman* where the *customer* is not satisfied with the *retailer's* decision after the *customer* has followed the process under subclause (3F); and
 - (b) separately, request the *retailer* to review the bill under clause 29.
- (3H) If under subclause (3B)(b) a *retailer* has advised a *small customer* of changes to the *customer's* payment obligations, and those changes include a new date for payment of the *customer's* bill, any benefits provided under the *retailer's* contract with the *customer* for payments made by the due date must be applied with respect to the new date for payment.
- (4) Without affecting clause 20(2), if the *retailer* has issued the *small customer* with a bill based on an estimation and the *retailer* subsequently issues the *customer* with a bill that is based on an actual *meter* reading or on *metering data*:
- (a) the *retailer* must include an adjustment on the later bill to take account of any overcharging of the *customer* that has occurred; and
 - (b) unless the actual *meter* reading or *metering data* could not be obtained as a result of an act or omission by the *customer*, the *retailer* must, if requested to do so by the *customer*, offer the *customer* time to pay any undercharged amount by agreed instalments, over a period being no longer than:
 - (i) the period during which an actual *meter* reading or *metering data* was not obtained, where that period is less than 12 months; or
 - (ii) in any other case, 12 months.
- (5) Where an attempt to read the *small customer's meter* is unsuccessful due to an act or omission of the *customer*, and the *customer* subsequently requests a *retailer* to replace an estimated bill with a bill based on an actual *meter* reading, the *retailer* must comply with that request but may pass through to that *small customer* any costs it incurs in doing so.

(6) **Application of this clause to standard retail contracts**

This clause applies in relation to *standard retail contracts*.

(7) **Application of this clause to market retail contracts**

Department means the department with primary responsibility for the supporting Minister administering the *Electricity Industry Act*.

disclosable emissions means the number of tonnes for the period calculated by applying the formula:

co-efficient x (MWh of electricity – MWh of *green power*)

(and where the period encompasses two calendar years the formula is to be applied using the *co-efficient* which is current at the end of the period).

green power means electricity which is accredited as “Green Power” under the national Green Power Accreditation Program managed by the National GreenPower Steering Group.

-
- (2) In accordance with section 40R of the *Electricity Industry Act*, a *retailer* must:
- (a) include in each bill issued to a *customer* for the supply or sale of electricity the information concerning greenhouse gas emissions connected with the generation of the electricity so supplied or electricity generation in general that the *Commission* specifies for this purpose in subclause 25A(3); or

Schedule 1 Model terms and conditions for standard retail contracts

(Rule 12)

PREAMBLE

This contract is about the sale of energy to you as a small customer at your premises. It is a standard retail contract that starts without you having to sign a document agreeing to these terms and conditions.

In addition to this contract, the energy laws and other consumer laws also contain rules about the sale of energy and we will comply with these rules in our dealings with you. For example, the National Energy Retail Law and the National Energy Retail Rules ('the Rules') set out specific rights and obligations about energy marketing, payment methods and arrangements for customers experiencing payment difficulties.

Note for Victorian customers:

For Victorian customers, until the National Energy Retail Law and the National Energy Retail Rules are adopted in Victoria (referred to as 'NECF implementation in Victoria'), the energy laws applicable in Victoria are the Electricity Industry Act 2000, the Gas Industry Act 2001 and the Energy Retail Code made by the Essential Services Commission. For customers in Victoria, prior to NECF implementation in Victoria all references to the National Energy Retail Law and Rules in this contract should be read as references to the Energy Retail Code unless stated otherwise.

You also have a separate contract with your distributor, called a customer connection contract. The customer connection contract deals with the supply of energy to your premises and can be found on your distributor's website.

Note for Victorian customers:

There are no gas customer connection contracts in Victoria.

More information about this contract and other matters is on our website [permitted alteration: insert retailer's website address].

1. THE PARTIES

This contract is between:

[Permitted alteration: name of designated retailer] who sells energy to you at your premises (in this contract referred to as "we", "our" or "us"); and

You, the customer to whom this contract applies (in this contract referred to as "you" or "your").

2. DEFINITIONS AND INTERPRETATION

- (a) Terms used in this contract have the same meanings as they have in the National Energy Retail Law and the Rules. However for ease of reference, a simplified explanation of some terms is given at the end of this contract.
- (b) Where the simplified explanations given at the end of this contract differ from the definitions in the National Energy Retail Law and the Rules, the definitions in the National Energy Retail Law and the Rules prevail.

3. DO THESE TERMS AND CONDITIONS APPLY TO YOU?

3.1 These are our terms and conditions

This contract sets out the terms and conditions for a standard retail contract for a small customer under the National Energy Retail Law and the Rules.

3.2 Application of these terms and conditions

These terms and conditions apply to you if:

- (a) you are a residential customer; or
- (b) you are a business customer who is a small customer; and
- (c) you request us to sell energy to you at your premises; and
- (d) you are not being sold energy for the premises under a market retail contract.

3.3 Electricity or gas

Standard retail contracts apply to electricity and gas, but some terms may be expressed to apply only to one or the other. If we are your retailer for both electricity and gas, you have a separate contract with us for each of them.

4. WHAT IS THE TERM OF THIS CONTRACT?

4.1 When does this contract start?

This contract starts on the date you satisfy any pre-conditions set out in the National Energy Retail Law and the Rules, including giving us *acceptable identification* and your contact details for billing purposes.

4.2 When does this contract end?

- (a) This contract ends:
 - (i) if you give us a notice stating you wish to end the contract—subject to paragraph (b), on a date advised by us of which we will give you at least 5 but no more than 20 *business days* notice; or
 - (ii) if you are no longer a small customer:

- (A) subject to paragraph (b), on a date specified by us, of which we will give you at least 5 but no more than 20 *business days* notice; or
- (B) if you have not told us of a change in the use of your energy—from the time of the change in use; or
- (iii) if we both agree to a date to end the contract—on the date that is agreed; or
- (iv) if you start to buy energy for the premises from us or a different retailer under a customer retail contract—on the date the market retail contract starts; or
- (v) if a different customer starts to buy energy for the premises—on the date that customer’s contract starts; or
- (vi) if the premises are disconnected and you have not met the requirements in the Rules for reconnection—10 *business days* from the date of disconnection.
- (b) If you do not give us safe and unhindered access to the premises to conduct a final meter reading (where relevant), this contract will not end under paragraph (a) (i) or (ii) until we have issued you a final bill and you have paid any outstanding amount for the sale of energy.
- (c) Rights and obligations accrued before the end of this contract continue despite the end of the contract, including any obligations to pay amounts to us.

4.3 Vacating your premises

- (a) If you are vacating your premises, you must provide your forwarding address to us for your final bill in addition to a notice under clause 4.2(a)(i) of this contract.
- (b) When we receive the notice, we must use our best endeavours to arrange for the reading of the *meter* on the date specified in your notice (or as soon as possible after that date if you do not provide access to your *meter* on that date) and send a final bill to you at the forwarding address stated in your notice.
- (c) You will continue to be responsible for charges for the premises until your contract ends in accordance with clause 4.2 of this contract.

5. SCOPE OF THIS CONTRACT

5.1 What is covered by this contract?

- (a) Under this contract we agree to sell you energy at your premises. We also agree to meet other obligations set out in this contract and to comply with the energy laws.
- (b) In return, you agree:

- (i) to be responsible for charges for energy supplied to the premises until this contract ends under clause 4.2 even if you vacate the premises earlier; and
- (ii) to pay the amounts billed by us under this contract; and
- (iii) to meet your obligations under this contract and the energy laws.

5.2 What is not covered by this contract?

This contract does not cover the physical connection of your premises to the distribution system, including *metering* equipment and the maintenance of that connection and the supply of energy to your premises. This is the role of your distributor under a separate contract called a customer connection contract.

Note for Victorian customers:

There are no gas customer connection contracts in Victoria.

6. YOUR GENERAL OBLIGATIONS

6.1 Full information

You must give us any information we reasonably require for the purposes of this contract. The information must be correct, and you must not mislead or deceive us in relation to any information provided to us.

6.2 Updating information

You must tell us promptly if information you have provided to us changes, including if your billing address changes or if your use of energy changes (for example, if you start running a business at the premises).

6.3 Life support equipment

- (a) Before this contract starts, we were required to ask you whether a person residing or intending to reside at your premises requires *life support equipment*.
- (b) If a person living or intending to live at your premises requires *life support equipment*, you must:
 - (i) advise us that the person requires *life support equipment*;
 - (ii) register the premises with us or your distributor; and
 - (iii) upon receipt of a *medical confirmation form*, provide *medical confirmation* for the premises.
- (c) Subject to satisfying the requirements in this Code, the *Electricity Distribution Code* or the *Gas Distribution System Code*, your premises may cease to be registered as having *life support equipment* if *medical confirmation* is not provided to us or your distributor.

- (d) You must tell us or your distributor if the *life support equipment* is no longer required at the premises.
- (e) If you tell us that a person living or intending to live at your premises requires *life support equipment*, we must give you:
 - (i) at least 50 business days to provide *medical confirmation* for the premises;
 - (ii) general advice that there may be a *distributor planned interruption* or *unplanned interruption* to the supply of energy to the premises;
 - (iii) information to assist you to prepare a plan of action in case of an *unplanned interruption*; and
 - (iv) emergency telephone contact numbers.

6.4 Obligations if you are not an owner

If you cannot meet an obligation relating to your premises under this contract because you are not the owner you will not be in breach of the obligation if you take all reasonable steps to ensure that the owner or other person responsible for the premises fulfils the obligation.

7. OUR LIABILITY

- (a) The quality and reliability of your electricity supply and the quality, pressure and continuity of your gas supply is subject to a variety of factors that are beyond our control as your retailer, including accidents, emergencies, weather conditions, vandalism, system demand, the technical limitations of the distribution system and the acts of other persons (such as your distributor), including at the direction of a *relevant authority*.
- (b) To the extent permitted by law, we give no condition, warranty or undertaking, and we make no representation to you, about the condition or suitability of energy, its quality, fitness for purpose or safety, other than those set out in this contract.
- (c) Unless we have acted in bad faith or negligently, the National Energy Retail Law excludes our liability for any loss or damage you suffer as a result of the total or partial failure to supply energy to your premises, which includes any loss or damage you suffer as a result of the defective supply of energy.

Note for Victorian customers:

Prior to NECF implementation in Victoria, the reference to the NERL in clause 7(c) is a reference to, in the case of electricity, s.120 of the National Electricity Law as set out in the Schedule to the *National Electricity (South Australia) Act 1996* or, in the case of gas, to s.232 of the *Gas Industry Act* or s.33 of the *Gas Safety Act 1997*.

8. PRICE FOR ENERGY AND OTHER SERVICES

8.1 What are our tariffs and charges?

- (a) Our tariffs and charges for the sale of energy to you under this contract are our standing offer prices. These are published on our website and include your distributor's charges.
- (b) Different tariffs and charges may apply to you depending on your circumstances. The conditions for each tariff and charge are set out in our standing offer prices.

Note:

We do not impose any charges for the termination of this contract.

8.2 Changes to tariffs and charges

- (a) If we vary our standing offer prices, we will publish the variation in a newspaper and on our website at least 10 *business days* before it starts. We will also include details with your next bill if the variation affects you.
- (b) Our standing offer prices will not be varied more often than once every 6 months.

8.3 Variation of tariff due to change of use

If a change in your use of energy means you are no longer eligible for the particular tariff you are on, we may transfer you to a new tariff under our standing offer prices:

- (a) if you notify us there has been a change of use—from the date of notification; or
- (b) if you have not notified us of the change of use—retrospectively from the date the change of use occurred.

8.4 Variation of tariff or type of tariff on request

- (a) If you think you satisfy the conditions applying to another tariff or type of tariff under our standing offer prices, you can ask us to review your current circumstances to see whether that tariff or type of tariff can apply to you.
- (b) If you meet the requirements for another tariff or type of tariff and request us to do so, we must:
 - (i) transfer you to that other tariff within 10 *business days*; or
 - (ii) transfer you to that other type of tariff from the date the *meter* is read or the type of *meter* is changed (if needed).

8.5 Changes to tariffs or type of tariff during a billing cycle

If a tariff applying to you changes during a billing cycle, we will calculate your next bill on a proportionate basis.

8.6 GST

Amounts specified in the standing offer prices from time to time and other amounts payable under this contract are inclusive of *GST*.

9. BILLING

9.1 General

We will send a bill to you as soon as possible after the end of each billing cycle. We will send the bill:

- (a) to you at the address nominated by you; or
- (b) to a person authorised in writing by you to act on your behalf at the address specified by you.

9.2 Calculating the bill

Bills we send to you ('your bills') will be calculated on:

- (a) the amount of energy consumed at your premises during the billing cycle (using information obtained from reading your meter or otherwise in accordance with the Rules); and
- (b) the amount of fees and charges for any other services provided under this contract during the billing cycle; and
- (c) the charges payable for services provided by your distributor, including connection charges if you have asked for a new connection or connection alteration and have not made alternative arrangements with your distributor.

9.3 Estimating the energy usage

- (a) We may estimate the amount of energy consumed at your premises if your *meter* cannot be read, if your metering data is not obtained (for example, if access to the *meter* is not given or the *meter* breaks down or is faulty), or if you otherwise consent.

Note for Victorian customers:

In Victoria, a retailer must obtain a customer's 'explicit informed consent' to base the customer's bill on an estimation, unless the meter cannot be read or the metering data is not obtained.

- (b) If we estimate the amount of energy consumed at your premises to calculate a bill, we must:
 - (i) clearly state on the bill that it is based on an estimation; and
 - (ii) when your *meter* is later read, adjust your bill for the difference between the estimate and the energy actually used.

- (c) If the later *meter* read shows that you have been undercharged, we will allow you to pay the undercharged amount in instalments, over the same period of time during which the *meter* was not read (if less than 12 months), or otherwise over 12 months.
- (d) If the *meter* has not been read due to your actions, and you request us to replace the estimated bill with a bill based on an actual reading of the *meter*, we will comply with your request but may charge you any cost we incur in doing so.

9.4 Your historical billing information

Upon request, we must give you information about your billing history for the previous 2 years free of charge. However, we may charge you if we have already given you this information in the previous 12 months, or if you require information going back more than 2 years.

9.5 Bill smoothing

We may, where you agree, arrange for you to pay your bills under a bill smoothing arrangement, which is based on a 12 monthly estimate of your energy consumption.

10. PAYING YOUR BILL

10.1 What you have to pay

You must pay to us the amount shown on each bill by the date for payment (the *pay-by date*) on the bill. The *pay-by date* will be no earlier than 13 *business days* from the date on which we issue your bill.

10.2 Issue of reminder notices

If you have not paid your bill by the *pay-by date*, we will send you a *reminder notice* that payment is required. The *reminder notice* will give you a further due date for payment which will be not less than 6 *business days* after we issue the notice.

10.3 Difficulties in paying

If you have difficulties paying your bill, you should contact us as soon as possible. We will provide you with information about your entitlements as a Victorian energy customer.

10.4 Late payment fees

If you have not paid a bill by the *pay-by date*, we may require you to pay a late payment fee, which is part of our standing offer prices published on our website.

[Required alteration: deletion of this clause is a required alteration where late payment fees for small customers under a standard retail contract are not permitted by a State or Territory law].

11. METERS

- (a) You must allow safe and unhindered access to your premises for the purposes of reading and maintaining the *meters* (where relevant).
- (b) We will use our best endeavours to ensure that a *meter* reading is carried out as frequently as is needed to prepare your bills, consistently with the *metering rules* and in any event at least once every 12 months.

12. UNDERCHARGING AND OVERCHARGING

12.1 Undercharging

- (a) If we have undercharged you, we may recover the undercharged amount from you. If we recover an undercharged amount from you:
 - (i) we will not charge interest on the undercharged amount; and
 - (ii) we will offer you time to pay the undercharged amount in instalments over the same period of time during which you were undercharged (if less than 12 months), or otherwise over 12 months.
- (b) The maximum amount we can recover from you is limited to the amount that has been undercharged in the 9 months immediately before we notify you, unless the undercharge is your fault, or results from your unlawful act or omission.

12.2 Overcharging

- (a) Where you have been overcharged by less than [required alteration: insert current overcharge threshold], and you have already paid the overcharged amount, we must credit that amount to your next bill.
- (b) Where you have been overcharged by [required alteration: insert current overcharge threshold] or more, we must inform you within 10 *business days* of our becoming aware of the overcharge and, if you have already paid that amount, we must credit that amount to your next bill. However, if you request otherwise, we will comply with that request.
- (c) If you have stopped buying energy from us, we will use our best endeavours to pay the overcharged amount to you within 10 *business days*.
- (d) If you have been overcharged as a result of your own fault or unlawful act or omission, we may limit the amount we credit or pay you to the amount you were overcharged in the last 12 months.

12.3 Reviewing your bill

- (a) If you disagree with the amount you have been charged, you can ask us to review your bill in accordance with our standard complaints and dispute resolution procedures.

- (b) If you ask us to, we must arrange for a check of the meter reading or *metering data* or for a test of the *meter* in reviewing the bill. You will be liable for the cost of the check or test and we may request payment in advance. However, if the meter or metering data proves to be faulty or incorrect, we must reimburse you for the amount paid.

Note for Victorian customers:

Customers in Victoria are not required to pay for a meter check or test in advance.

- (c) If your bill is being reviewed, you are still required to pay any other bills from us that are due for payment and the lesser of:
- (i) the portion of the bill that you do not dispute; or
 - (ii) an amount equal to the average of your bills in the last 12 months.

13. SECURITY DEPOSITS

13.1 Security deposit

We may require that you provide a *security deposit*. The circumstances in which we can require a *security deposit* and the maximum amount of the *security deposit* are governed by the Rules.

13.2 Interest on security deposits

Where you have paid a *security deposit*, we must pay you interest on the *security deposit* at a rate and on terms required by the Rules.

13.3 Use of a security deposit

- (a) We may use your *security deposit*, and any interest earned on the *security deposit*, to offset any amount you owe under this contract:
- (i) if you fail to pay a bill and as a result we arrange for the disconnection of your premises; or
 - (ii) in relation to a final bill (i.e. a bill we issue when you vacate the premises or when you stop purchasing energy from us at your premises or when you request that your premises be disconnected).
- (b) If we use your security deposit or any accrued interest to offset amounts owed to us, we will advise you within 10 *business days*.

13.4 Return of security deposit

- (a) We must return your *security deposit* and any accrued interest in the following circumstances:
- (i) you complete 1 years' payment (in the case of residential customers) or 2 years' payment (in the case of business customers) by the *pay-by dates* on our initial bills; or

- (ii) subject to clause 14.3 of this contract, you stop purchasing energy at the relevant premises under this contract.
- (b) If you do not give us any reasonable instructions, we will credit the amount of the *security deposit*, together with any accrued interest, to your next bill.

14. DISCONNECTION OF SUPPLY

14.1 When can we arrange for disconnection?

Subject to us satisfying the requirements in the Rules, we may arrange for the disconnection of your premises if:

- (a) you do not pay your bill by the *pay-by-date* or, if you are a *residential customer* receiving assistance under Part 3 of the Energy Retail Code, you fail to make a payment or otherwise do not adhere to the terms of that assistance; or
- (b) you do not provide a *security deposit* we are entitled to require from you; or
- (c) you do not give access to your premises to read a *meter* (where relevant) for 3 consecutive *meter* reads; or
- (d) there has been illegal or fraudulent use of energy at your premises in breach of clause 16 of this contract; or
- (e) we are otherwise entitled or required to do so under the Rules or by law.

14.2 Notice and warning of disconnection

Before disconnecting your premises, we must comply with relevant warning notice requirements and other provisions in the Rules. However, we are not required to provide a warning notice prior to disconnection in certain circumstances (for example, where there has been illegal or fraudulent use of energy at your premises or where there is an emergency or health and safety issue).

14.3 When we must not arrange disconnection

- (a) Subject to paragraph (b), your premises may not be disconnected during the following times ('the protected period'):
 - (i) on a *business day* before 8.00am or after 3.00pm; or

- (vi) if your premises contain a commercial business that only operates within the protected period and where access to the premises is necessary to effect disconnection; or
- (vii) where the premises are not occupied.

15. RECONNECTION AFTER DISCONNECTION

- (a) We must request your distributor to reconnect your premises if, within 10 *business days* of your premises being disconnected:

 - (iii) you pay any reconnection charge (if requested).
